### Item specifics

Condition: **Used** :  
Seller Notes: *"Used ~ see item description."*

Brand:	Heathkit	Frequency Band(s):	HF
Model:	SB-200	Supported Modes:	AM, SSB, CW
Max. Output Power:	600	Country of Manufacture:	United States

A very clean and functioning SB-200 Linear Amplifier from Heathkit. This was an acquisition from a silent key sale. The SK had not used this amplifier very much or at all from what I can tell. I have the amplifier tested and the following was noted:

80 meters: 625 watts      20 meters: 600 watts      10 meters: 450 watts  
 40 meters: 600 watts      15 meters: 400 watts

Pictures show actual power and meter reading for each band. The amplifier worked flawlessly.

I do not have a manual for this unit but they are available on Ebay from time to time.

The case is flawless and there are no dents. While cleaning I did accidentally remove the letters "lifier" from the label "Amplifier". This will absolutely not affect the units operation.

The amplifier is being sold as-is.
